

CDC Safety Guidelines for Covid-19

Attention Antioch members!

Antioch Urban Ministries, Inc. is in need of volunteers at the food bank. We would like to inform you of the changes that we've made for a safer experience while volunteering. Following CDC (Center for Disease Control) guidelines, AUMI has made the following adjustments, due to the Covid-19 outbreak:

1. Mandatory mask wearing
2. Temperature checks upon entering
3. Social distancing required
4. Sanitizing stations available
5. Covid-19 questionnaire for volunteers
6. Only volunteers and staff allowed in facility
7. Food boxes placed in trunk of clients' vehicle with no human to human contact
8. All staff are tested frequently. Volunteers are required to get tested before volunteering (testing site located in church parking lot)

We have made these adjustments for the safety of our volunteers, staff and food recipients.

Please call 404-524-9775 if you desire to volunteer and give back to those in need!

You can also volunteer by visiting our web site at www.antiochurban.org.
