A Congratulatory Message from the Pastor

Dear Graduates,

We are celebrating some momentous occasions experienced by our members from kindergarten through post-graduate studies on this Scholarship Ministry Sunday.

Some of our honorees today have come to a milepost marker on the journey of life despite many of them facing challenges such as overcoming insurmountable obstacles with social separation due to the pandemic, having to pivot and do online learning, and reentry to in-person learning where some children had to play catch up.

Moving from kindergarten to first grade is a time to stay actively engaged in the learning process for the entire day. Progressing from elementary to middle school for some children means no longer remaining in one classroom with one teacher for the entire school day but changing classes, navigating through the halls of learning, perhaps with a brief stop at a locker to exchange textbooks and supplies to be ready for the next class. The move from middle school to high school means greater responsibility in selecting classes and activities as one prepares to formally move into adulthood. The choice following high school to pursue postsecondary education, enter the workforce or join the military sets the trajectory of one's adult years.

At every level, there is a commencement. You are leaving behind what has become comfortable and familiar and launching into new waters, new territory. That "first-day" feeling of combined joy and anxiety in the pit of your being occurs over and over. Fortunately, our members have been able to move forth confidently at each juncture knowing Jesus's promise in Matthew 28:20, "Lo, I am with you always, even unto the end of the world." With Jesus, they have triumphed."

No matter how many schools you attend, never leave Sunday School, Bible Study and other Christian Education training opportunities. You can progress in them, but you cannot graduate, for them; there will always be more to learn about the Lord.

Congratulations to each of you! Rejoice and celebrate your accomplishments, but don't stop there. You have gained knowledge in public school, college, and technical school. All that knowledge is helpful, but Proverbs 4:7 tells us that "Wisdom is the principal thing; therefore, get wisdom, and with all thy getting get understanding. Whatever you do, work at it with all your heart, as working for the Lord, not for human masters" (NIV).

Yours in God's service,

Rev. Kenneth L. Alexander
Reverend K. L. Alexander
